## Be Up At 6 a.m. For Tickets, Says Student Athletic Board

Ticket distribution for this year's basketball season will be handled much as it has been in the past, according to John Hawkins, Student Athletic Board chairman.

For Friday's game with New Mexico State, fieldhouse passes will be distributed beginning at 5 a.m. Friday. Activity cards will be punched.

Passes will be exchanged for tickets from 5:30 to 7 p.m.

200 tickets will be reserved until 7:10 p.m. for those who are unable to get tickets earlier in the day. As was the practice last year, the game will be broadcast on closed-circuit television in the main ballroom of the Wilkinson Center.

Exact procedures will be effected as follows:

- At 5 a.m. the day of the game, p.m. will be given out in the West Annex.

- Admission to the closed-circuit television of the game at the Wilkinson Center ballroom will be by activity card or one dollar.

For more information on ticket policy for basketball games, see results of an Executive Council decision on reserved student tickets on page two.

will sit in ascending rows.

- At 8 a.m. numbered basketball passes will be distributed, the lowest numbers to those in the first row of the green seats. One person with two activity cards (which will be punched) may pick up two passes.

- Any passes not picked up will be available at the Wilkinson Center information desk at 7 a.m.

- Passes may be exchanged for basketball tickets in the West Annex of the fieldhouse from 5:30 to 7 p.m. Students must enter the fieldhouse immediately after obtaining their tickets at which time activity cards will again be checked.

- Lowered numbered passes will receive the best tickets. Distribution will be handled through eight gates.

- 200 reserve tickets and all other tickets not picked up by 7:10

## Sheet Music To Be Available 'BYU Hit, 'My Cougar World'

Record sales approaching 100,000, "My Cougar World" will be released as sheet music as early as Friday in Bookstore and in down-

town. To Terry Jeffers, composer of the song which features darkness and Wendy Johnson, the BYU Bookstore sold more than 1,500 of the 45 single, 500 singles

have been sold elsewhere.

"The requests for sheet music have been so overwhelming that we are publishing 3,000 copies," Jeffers said.

The cover of the sheet music will feature a picture of an about-to-spring Sparrow, the BYU Cougar mascot.

The record has climbed to the number 31 position on the local pop record charts and has been re-

quested in great numbers over area radio stations.

Comments by local stations on the record include KJXX: "Largest listener response to any record we have ever aired;" KOVO: "Triple attack, good music, school song, pop hit;" KEYY: "Good response—excellent recording job."

The record is also being aired by KSL and KLTU in Salt Lake City and KGBM-FM in Idaho.

The song, written for 1966 BYU Homecoming, was recorded by Don Fink of Audio Operations. Ralph Laycock and the Symphony Orchestra provide the background music in the recording.

The first shipment of records, cut by Capitol and pressed on the T3 label sold out entirely, and brisk sales on the new shipment of 1,000 just in, have started.

## Robert E. Lee To Address Today's Forum

"Ideas on Trial," will theme the BYU Forum Assembly today at 10 a.m. in the Smith Fieldhouse. Scheduled to address the assembly is American Playwright Dr. Robert E. Lee.

Dr. Lee will discuss the professional theater, as he sees it from the time the curtain is lifted and until it is lowered.

"Look, Ma, I'm Dancin'" was his first play followed by "Auntie Mame" and "Only in America."

His plays, most of them written in collaboration with Jerome Lawrence, have won countless prizes and are performed throughout the world.

## Y Singers Promote Patriotism

The Y Americans are traveling. BYU's exciting new singing group left Wednesday for a three-day entertainment tour of eastern Utah.

Sponsored by the BYU Culture Office, the 50 performers will perform at nine high schools and for a combined audience of stakes of the Church of Jesus Christ of Latter-day Saints.

According to Ted Buckland, director of the Y Americans, the purpose of the trip is to stimulate a greater sense of patriotism and devotion to the ideals of the United States.

The group received a standing ovation at a BYU Devotional Assembly, after rendering "Can't You Hear America Calling?" "Freedom Isn't Free," "Which Way, America," and "Up With People."

The Y Americans will visit Duncans, Union, Uintah, Altamont, Taboica, Wasatch, South Summit, North Summit, Morgan, and Vernal.

IT'S A COUGAR WORLD

# Ilies Design New Plane

INGTON (UPI)—The United States and West Germany formally Wednesday to design a revolutionary vertical takeoff aircraft for potential use in the 1970's. The development program, involving test aircraft, will cost an estimated \$500 million, to be shared between the two countries.

Planned as a "medium weight" fighter-bomber, the airplane may have as many as six engines. It will be capable of flying about twice the speed of sound after taking off vertically.

If put into production, it will be suitable chiefly for large conventional wars and operations where the threat of nuclear weapons is ever-present.

It could be widely dispersed in Europe, for example and would be less vulnerable than modern jet fighters which today are bunched on airfields with long concrete runways.

Washington and Bonn jointly announced the selection of companies to design the VSTOL (vertical and short take off and landing) airplane and said a joint management plan for the huge project will be worked out immediately.

The U.S. firm will be Republic Aviation Division of Fairchild Hiller, Farmingdale, Long Island. The German company will be Entwicklungs-Sud, Munich.

The Pentagon said a decision on whether to buy the dozen test planes would be made late next year following studies the contractors now will make.

The two contractors will establish their management office in Munich, and the government office supervising the project will be at Wright Patterson Air Force Base, Dayton, Ohio.

The project calls for 50-50 sharing by West Germany and America on all parts of the program except for engines.

A VSTOL airplane of the type envisioned would require two different sets of engines, one known as "lift engines" for the vertical take-off and landing, the other as "lift cruise" for horizontal flight.

Development of the lift engines is being done jointly by Britain's Rolls Royce and the Allison Division of General Motors.

## Mon Photo Released

WASHINGTON (UPI)—The agency published Wednesday one of its scientists' carefully detailed photograph of the moon's crater Copernicus.

The first picture ever taken by man of Copernicus, Martin J. Swetnick, Lunar program scientist. "It provides information to scientists certainly will lead to better understanding of the processes and of the moon."

The picture was taken by Lunar 2. Launched by the National Aeronautics and Space Administration (NASA) Nov. 6, it took the first close-up as it flew 284

miles above the moon on Nov. 23 at 7:06 P.M. EST.

It shows details of rubble-strewn crater walls and interior peaks never before seen in a photograph. "It is almost as though a photographer actually stood inside the crater to take these shots," said one NASA official. "The detail is as good as you might get from a picture at 10,000 feet of the mountains outside Los Angeles."

Copernicus is one of the moon's famous "ray" craters. A person with a pair of binoculars on a good night can clearly see the crater—grouped at some time in the dim past by a gigantic meteorite—and the light-colored streaks of rubble spreading out from it.

It is 60 miles across and about two miles deep. Astronomical photographs taken from earth, of necessity peering directly down at the crater, show little of its ordered depths. The new pictures were taken at an oblique angle and capture vertical features never observed before.

## Patrol Traps VC

IN (UPI)—A fast striking force of American infantrymen, fighters and fighter-bombers Wednesday routed a communist force northeast of Saigon, at least 40 Viet Cong and a besieged U.S. army

unit began when a patrol of U.S. 1st Infantry Division troops, a larger communist force, elements sped to the scene. The fighters zeroed in on the enemy, helping send them fleeing the jungles.

At Saigon, however, a mistake by U.S. artillery fired three Vietnamese civilians killed 14, seven seriously, at least nine 160mm shells the wrong direction hit the city on Tan Uyen. A U.S. official said "appropriate disbursements" would be taken the result of the incident apparently was caused by a in firing data for the big

## New Plan To Test Cigarettes

WASHINGTON (UPI)—The American Cancer Society today recommended that the Federal Trade Commission adopt specific, uniform test procedures for determining the tar and nicotine content of cigarettes and make results available to the public.

In a technical report addressed to P.T.C. Chairman Paul Dixon and presented at a public hearing, the society said test standards that accurately show the amounts of harmful substances in cigarettes are needed because "Those who continue the habit should be able to choose cigarettes with low tar and nicotine in the main stream of smoke."

The recommendations, supported by technical discussions of the reasoning behind them, were accompanied by a statement urging cigarette smokers to quit.

The society strongly urges men and women to give up cigarette smoking in order to protect themselves against cancer, emphysema and heart disease," the statement said. It was signed by Dr. Harold S. Dixon, the society's deputy executive vice president for research and medical affairs.

The recommendations included:—The butt length to which test cigarettes are smoked should be 23mm for non-filter, and the length of the filter and overwrap plus 3mm for filter cigarettes. This approximates the average lengths to which these are smoked.

—The tar should be reported on a "dry" basis to standardize comparisons.

—The results of testing described in adequate detail (should) be made available to all interested parties."

BYU, Pokes Lead  
WAC Stats Race

The Brigham Young Cougars and Wyoming's Cowboys dominated the latest Western Athletic Conference statistics both teamwise and through individual player's performances, Commissioner Paul W. Brechler announced.

New individual records were set by Virgil Carter, Brigham Young quarterback; Mark Reed, Arizona quarterback; John Ogden, Brigham Young fullback; Jim Greth, Arizona halfback; Vic Washington, Wyoming defensive back; and Ken Wagner, New Mexico halfback.

Carter, probable winner of the national total offensive title, amassed 2,545 total yards for a new conference record. He also set season records by throwing 21 touchdown passes and posting 29 touchdowns by combined running and passing.

## SETS 3 RECORDS

Reed, a top contender for the nation's passing honors, set three new conference records with 365 throws and 193 completions for 2,368 yards.

Carter and Reed tied in setting a new mark by allowing 16 pass interceptions each.

Greth, among the nation's top pass receivers, posted two new conference targets with 76 catches for 1,003 yards.

## RUSHING TITLE

Ogden ran for a record breaking 204 yards against University of the Pacific Saturday and virtually clinched his third consecutive rushing crown with an accumulation of 906 yards, the second best in WAC history and enough to place him high in national rankings. His 204 total rushes this season set a new conference record. Utah's Ben Woodson, who has been pushing Ogden, is now 233 yards behind and has one game left to play.

Vic Washington, Wyoming speedster, set two new conference records with 34 punt returns for 443 yards, and New Mexico's Ken Wagner chalked up two new marks with 21 kickoff returns for 284 yards.

Jerry DeVoyster, Wyoming, appears to have won the scoring honors, barring a possible spurge of 21 or more points this week by Woodson. DeVoyster finished the season with 71 points, and Woodson has 50.

## PASS THEM AT LARGE

Pass interception and punting honors are still hanging fire. Brigham Young's Bobby Roberts leads with seven pass thefts, but Utah's Rich Tate is two behind and has one game left.

Although DeVoyster leads punters with an average of 40.2 yards, Utah's Jerry Pullman is only inches behind and will be going for the top spot Saturday in a game with Houston in the Astrodome.

Teamwise the Cougars and the Cowboys won the total offense and total defense honors, respectively.

## 400 YDS. PR. GAME

The Cougars, with 4,006 total rushing and passing yards, became the first conference team to gain more than 400 yards per game. They were fifth in the nation in total offense last week and improved their position by gaining 575 yards against UOP Saturday.

The Cowboys set two new defensive records by holding opponents to 188.3 total yards and 38.5 rushing yards per game. Last week they ranked first in the nation in rushing defense and fourth in total defense.

In passing, Arizona carried off the honors by amassing 2,551 yards, falling only nine yards short of a new conference record. However, the Wildcats set two new records with 407 pass attempts and 210 completions. The Wildcats were third nationally in passing last week, and Brigham Young was sixth.

## POKES BEST RUNNERS

Wyoming averaged 178.1 yards per game to post the best record for running plays from scrimmage; and Arizona State nabbed the passing defense title by holding enemy bombers to 140.8 yards per game.

Overall, Wyoming had the best team statistical record. In addition to winning the conference championship and three of the six major statistical categories, the Pokes were second in total offense with 355.8 yards per game, second in passing defense by holding opponents to 149.8 serial yards per game, and third in passing offense by gaining 177.7 yards through the air.

Although Utah has one game left, the Redskins are not threatening the team leader in any category.

UPI Rates  
Y Gridders  
Nationally

The just-announced United Press International All America football team shows that two Brigham Young gridders, quarterback Virgil Carter and guard Grant Wilson, have been given honorable mention.

Carter, the all-time NCAA total offense champ, ran up 2,545 total yards this season to possibly give him the national championship in that department for this year. He was given honorable mention along with Gary Belan of UCLA.

Wilson, playing his first full season on offense for the Cougars, was the only offensive guard from the Intermountain area to be named anywhere on the UPI All America team.

Although no one from the Western Athletic Conference or the Intermountain area was named to either the first or second team, there was a pretty fair representation among the honorable mention selections.

Arizona's record-setting Jim Greth was named as an end. Greth caught 76 passes this season to place him high among the nation's pass-receivers.

Richards 16th  
In NCAA Cross  
Country Meet

by Spence Milne  
Universe Sports-writer

Junior standout and NCAA steep-lochase champion Bob Richards came within a hair's breadth of garnering All-America honors at the NCAA Cross Country Championships.

Richards placed sixteenth in the time of 30:51 over the six-mile championship course at Kansas University in Lawrence. However, only the first fifteen finishers are selected as the All-America team.

Other Cougar team members were Ray Rohatinsky, 129th place in 35:10; Peter Kirz, 139th in 33:37; and Gene Carson, 185th in 37:17.

The individual winner was Washington State's veteran of international encounters, Gerry Lindgren. The old course and meet record of 29:24.9 was set last year by John Lawson of Kansas.

After a convincing win in the ICAA Championships in New York, Villanova was add-on favorite to win the team title, which it did.

## Foreign Stars Bolster BYU Track Contingent

by Spence Milne  
Universe Sports writer

U.S. Southern Score." "BYU Clean-Up." These were the headlines over articles in the October issue of Track & Field News, "the nation's most widely-read publication devoted to the sport." The stories said that BYU was "the most successful schools in the country in pulling quality into its 1966-67 stable of trackmen."

This is just the half of it. Only was Coach Clarence Roberson successful in getting U.S. high school standouts, but he pulled in of the finest non-US athletes assembled at one time on a college campus as well.

**PAPER TIGERS?** Every event-rundown will appear on paper, at any rate, what about the tremendous success coaches had this year in using talent this year.

Although, Ed Turner noted, and Gary Thacker was, (all were members of a second-place NCAA 440 relay team), WAC 100-yard dash champion Dave Reeves returns, with John Redican, now retiring from an injury.

In addition to these two, three standouts are on hand to relay the situation. They are Terry Tomlinson, from Winnemouche, with marks of 9.5, 100, and 21.2 around a turn; 220-yard dashes, Dave Miller, 9.6 and 21.3 (straightaway), Tracy, California, and Gary L. Montana state champion Great Falls, with marks of 10.2.

In the long print, the 440, Tom Murray, Bob Skamnes, and Nelson return. An addition year will be Henry Barnes, Class A champ in 1965, who last year as a freshman.

**FINISH IMPORT**

The greatest help will come from Tom Tuominen, Finnish national meter hurdle winner, who placed fifth at the European Championships, held in Budapest, Hungary last September. Jose Avila, from East LA JC, will also be a great assistance in the relay team. He has an official 47.3 in a flat (non-relay) race. Tuominen and Avila are accomplished half-milers, have 48.7 and 1:50.2 two-lap times in credit.

Miss Al Rockwell, BYU holder, will be sorely missed, here are a few fellows who

may quickly relieve that situation. They are Tom Bonin, of Tracy, Calif., with a 14.0 120-yard hurdle time to his credit, Don French, Clula Vista, Calif., 14.4 and 20.0 in the 150 low hurdles, and Utah Class A champ Jim Maw, from Roy, who has clocked 13.9, ranking him among the top high schoolers in the nation last year.

**Distances:** Here is where the strength of the recruiting was strongest. Bob Richards, 1966 NCAA steeplechase champion, Peter Kiriz, Ray Rohatinsky, and Bill Delaney return to give the Cougars a strong nucleus.

### SENSATIONAL MILER

Most sensational among the newcomers in Tim Danielson, who became the second high schooler to break the four-minute barrier in the mile last year. He also has an 8:35 two-mile to his credit.

Other standouts are freshmen Dan Clark, Spokane, Wash., 9:08 Ron Stjern, Snohomish, Wash., 9:06 two-mile, 14:01.4 (national high school record) three-mile, and 29:36 six-mile, and Dave McCallum, Trentwood, Wash., 9:07.3 two-mile.

**Field Events:** Coach Robison has the possibility of having two seven-foot high jumpers, in the persons of Dragan Andelkovic, Yugoslavian national record holder at 6'11 1/2", and Ed Hanks, from San Diego, Calif.

### 7' 2" HIGH JUMP

Hanks, as a freshman, was credited with a 7' 2" jump, though his best is listed as 6' 11 1/2".

Mike Bianco will be missed this year, as he claimed sixth place on the all-time shot put list last year.

But Ken Patena (6' 7"), who formed the other half of the best shot put combination in history, returns. Roy Thurman, Long Beach City College transfer, with a 53' 9" effort, has promise of becoming a 60-footer as well.

In the discus, Dennis Patena and Austin McNaughton are back for another crack at it. They will be supported by two new frosh, Les Cannon, Salt Lake, with a best throw of 169' 11 1/2", and Mike Louisa, Union City, Calif., with a best of 185' 5 1/2". Mike was chosen the outstanding high school athlete at the West Coast Relays in Fresno last year.

The jumps present an equally bright picture. Pertti Pousi, 26' 2" long jump, and 53' 9" triple jump, who gained eighth place in the European Championships for Finland, will definitely be a great

## Y Rugby Team in Second Win Over SLC

BYU's rugby team moved to its second straight win over Salt Lake City 20-6 Saturday in Cougar Stadium.

The Y ruggers had to come from behind as Salt Lake City scored first on a 50-yard run by its wing, r. The conversion attempt failed giving the visitors a 3-0 lead.

BYU came right back when hooker Giles Parker scored on a short run. Frank Baker then made his first of four straight conversions to give the Y ruggers a 5-3 lead they didn't relinquish for the rest of the game.

### 30-yd. RUN

A broken field run of 30 yards by Ross Turner gave the home club its other early score and a 10-3 halftime lead.

Second half tries were made by Larry Kelly, the right winger, and Ross Turner scored a second time. The only other try for Salt Lake City was made by second five-eighths Mick Clark on a 40-yard run.

Play in the game was very rough, but once again the speed and superior play of the BYU backs proved to be the difference in the two clubs.

### COACHES PLEASED

Coches Bob Maynard and Wally Josephs said they were pleased with the progress of the forwards, but indicated they would need still more work to prepare for the holiday clashes with UCLA and San Diego State.

The coaches especially singled out the play of Parker, Chuck Peterson, the prop, and Barry Wisheart, the loose forward. Back, Roger DuPax, also set up a lot of scores for BYU on some fine running.

The hard tackling of Mark Lloyd and Steve Vermillion also added to the Y victory.

Salt Lake City took most of the lineouts in the game, but BYU dominated the scrum play.

help. He will go along with Pete Danna and Ben Laverty in the triple jump, and will have two JC transfers, Merrill Eacker, Fullerton, Calif., and Bob Hanrahan, Lakewood, Calif., to support him in the long jump.

Eacker and Hanrahan have marks of 24' 5", and 24' 10" and 6' 11 1/2".

All of this arrayed talent will be on display December 9, when there will be a Frosh-Varsity meet!

The Coachmen Folk Group

One of the first groups featured at the new "Seldom Scene" entertainment will be The Coachmen, providing folk music Friday at the

command performance of the event. The boys are all BYU freshmen.

#### Seldom Scene...

## Friday Entertainment Planned

The Social Office announced the beginning of a new talent program to entertain students in the afternoons. The program is called the "Seldom Scene" and is headed by the chairman of daytime activities, John Davis.

To be featured in these weekly programs will be such groups as the Cougarettes, the Townsmen and the Coachmen. The caliber of talent is designed to attract and en-

ertain students looking for a breather on Friday afternoons, according to Davis.

"Seldom Scene" will have its debut in the Step-down Lounge of the Wilkinson Center from 2 to 3:30 p.m. Friday. To increase spirit for the first basketball game this Fri-

day the Cougarettes "a la go" will be included in this initial program.

Variety will be the emphasis each week.

All groups will be chosen for their talent through the Daytime Activities Committee.

## International Activities Scheduled

Future activities for the International Students Organization include a banquet and the presentation of the annual Christmas Assembly, according to president Zeke Sanchez.

The banquet will take place Dec. 10 at 6 p.m. in the Smith Family Living Center. Food and entertainment from many countries will be featured, allowing 150 members to share their native cultures.

#### OPEN TO ALL

Tickets to the banquet, which is open to the entire student body, will go on sale next week.

A Christmas program for inmates of a detention home in Salt Lake City will be presented Friday by 150 members, according to Rosemary Schrek, chairman of the program.

"All the Christmas in the World" will be the theme for the Christmas Assembly Dec. 15 at 10 a.m. in the Smith Fieldhouse. Toni Odekir, script writer for the assembly, has planned to include representatives of several countries presenting examples of native Christmas customs and activities.

From the giver's viewpoint, it's more satisfying to give diamond necklaces and private planes completely lined in silk. It proves to yourself

how rich and generous you are.

But from the viewpoint of the intelligent young lady on the receiving end, such things are, frankly, a

little embarrassing.

(Can you honestly see her in a mink-lined plane?)

She would rather have a VILLAGER

...or several VILLAGERS,

artfully put together as in the illustration.

And after all, it's her present.

## ARE YOU SURE YOU KNOW WHAT YOU'RE DOING?

People in love have a crazy way of getting wrapped up in each other and forgetting about everything else. So, unless you want to make a mistake, forget about love when you're buying a diamond ring.

If you'd like some expert help, in fact, go see your ArtCarved jeweler. He has beautiful diamond rings from \$150 to over \$1000. Every one has a gemologist's evaluation inscribed on the inner band. Every one is guaranteed.

So don't get emotional at a time like this. Get careful. If you don't know anything about diamonds, see your ArtCarved jeweler. He does. **ArtCarved®**

Carolers will sing Christmas favorites at a Christmas dinner-dance in the Skyroom. Tickets are on sale at the Wilkinson Center Information Desk for \$2 per couple.

## Skyroom To Feature Christmas Activities

"Spirit of Christmas" will feature festivities in the Skyroom following the basketball game on Dec. 10.

This will be the third dinner-dance offered to BYU students and faculty. Those attending will enjoy dancing to traditional Christmas music. And, for their listening

pleasure, carolers will sing Christmas favorites.

Tickets are on sale at the Wilkinson Center Information Desk for \$2 per couple. Tickets are available on a first come, first served basis.

Evening dress is appropriate for those attending. Coat and tie for men, heels and shoes for women.

### Emphasize Ability...

## Just The Beginning

by Patricia McCormack  
United Press International

NEW YORK (UPI)—When Jim Lewis counts on his fingers, he can't get up to 10. He only has one finger on one hand and three on the other.

He can't count on his toes. Artificial limbs aren't made the way yours are.

### LESS THAN USUAL

Lewis doesn't mind me telling you this. And he doesn't mind anyone noticing that nature played some tricks, sending him into the world with less than the usual complement of fingers and toes.

"I was always able to do anything the other kids did," he says.

There's a certain amount of understatement there, but it's the philosophy that has enabled Lewis to corner a share of the miracle market during his 28 years on this planet.

His deformed legs were amputated when he was seven. He received artificial limbs. By the age 11 he was doing well in school and singing in the church choir. Then he was orphaned.

Crutches helped him move along on the artificial limbs. By the age of 16, additional prostheses came from foster parents, Mr. and Mrs. Andrew Montgomery of San Jose, Calif.

Lewis was in New York to show

participants in a Goodwill Rehabilitation Conference how good medical and surgical care and training, plus enormous pluck, pay off.

He graduated from Goodwill to repair musical instruments. Then he was hired by Lockheed Missile and Space Co. in Sunnyvale, Calif.

Ordinarily, that would be the happy ending of one more successful rehabilitation case. But Lewis figures he's just at the beginning.

What he really wants to do, as he puts it, is—"Become an entertainer and be on the world in my field."

He sings, composes music, writes his own arrangements for a four-piece combo that plays in San Jose night clubs and at local dances.

Lewis has a great voice. When he sings, there's heart in every note.

### DO YOUR BEST

"If you're born with defects or acquire them later," Lewis said, "you just have to look at it as permanent and utilize life accordingly doing your best at whatever it is that you can do."

Dr. Harold E. Yunker, Professor of Psychology at Hofstra University, told those attending the Goodwill Industries of America Conference, something along the same line.

### "Speaking Of Music"

BYU Music Dept. has launched television program each Friday, 30 p.m. on KBYU, channel 11, entitled, "Speaking of Music." This series of programs will present music ensembles, panel discussions, and an introduction of music faculty.

Ballou, Director of Bands, will conduct BYU's first band concert tonight. He will be assisted by Henry and Robert Campbell, members of the BYU instrument faculty.

## Symphonic Band Performance Tonight In Concert Hall

Ballou received his BA and MA degrees from BYU and did post-graduate work at USC and UCLA. Richard Mooney, assistant director of the Symphonic Band, received his BA degree at Arizona State University in 1952 and stayed to get his BS in 1953. He is now working on his PhD. Before coming to BYU, Mooney taught music for 13 years in a Phoenix, Arizona high school. He there became a solo clarinet player and for eighteen years played first chair position with the Phoenix Symphony. For nearly seven weeks the 106 members of the Symphonic Band have been rehearsing with their three directors. The result of their practice can be heard tonight at the concert.

## Dramatists Present 'Wilderness'

The tender story of a young boy struggling through his first puppy love is depicted at BYU in Eugene O'Neill's "Ah Wilderness" now playing through Dec. 17.

Performances of the retrospective comedy will begin at 8:15 p.m. nightly except Tuesdays and Sundays of the Harris Fine Arts Center. Tickets are available in the fine art ticket office.

### TRIES COURTING

Richard Miller, played by Rod Peterson, tries his hand at courting Muriel, portrayed by Kay Merrill. Their relationship ends in frustration and bewilderment.

After trying to drown his sorrows in drink, Richard is helped through his disappointment by his mother's tenderness and father's wisdom.

Dr. Charles Metten directs the play. He is assisted by student director John Adams. Costumes were designed by Beverly Warner.

Mr. O'Neill is considered to be one of America's best playwrights.

Daily at 8 a.m. and 5 p.m., a flag ceremony accompanied by the National Anthem is performed by BYU AFROTC cadets.

## Air Force Commission Is Available At BYU

Air Force ROTC officials at BYU have announced that 1440 students will be selected for the two-year Air Force ROTC program. This reflects an 80 per cent increase over the number the Air Force has previously selected.

Lt. Colonel Paul H. Sharp, professor of Aerospace Studies, indicated the two-year program is designed to meet the needs of students who have completed two years of college either at a junior college or at BYU and desire an Air Force commission.

Students who desire to apply for the two-year program should make application in Room 20 of Building T-15. Briefings on the program are

available daily at 9 a.m. in Room 20 of Bldg. T-15. The basic requirements for the program are that the student have two years remaining at either undergraduate or graduate level, or a combination of the two. Col. Sharp indicated the final cut-off for applications will be Jan. 18, 1967.

Applicants seeking enrollment in the two-year program must pass a written exam, the Air Force medical exam, and be selected by an interview board of Air Force officers.

The written examination will be administered Saturday at 9 a.m. in 261 McKay Bldg. The test will be given again during January at a time to be announced.

## Around The Campus

### MARRIED STUDENTS

An evening of games, bowling, dancing and a movie for children will be sponsored for married students at 7 p.m. today in the games area of the Wilkinson Center. Prizes will be offered.

### FROSH NEWSLETTER

Frosh newsletters will be distributed around campus today. A name is needed for the newsletter; suggestions are being taken in 447 Wilkinson Center.

### COUGAR CLUB

The Cougar Club will meet for dinner with a guest speaker at 5:55 p.m. today at the Village Inn, First South and University.

### BUSINESS ADVISEMENT

Final advisement session for business fundamentals students will be at 4 p.m. today in 115 Jesse Knight Bldg. Students should bring a catalog, class schedule (with last page filled out) and pen or pencil.

### COED EXHIBIT

Coeds who have articles on display in the Wilkinson Center Art

Gallery as part of the Coed's Exhibit should pick them up December 10 rather than December 3.

### WEST GERMAN FIRESIDE

Former President Royal K. Hunt of the West German Mission will speak at a fireside Sunday in 357 Wilkinson Center. After his release from the mission in 1962, President Hunt served as the church's legal counselor in Europe in 1965. He is presently practicing law in Salt Lake City.

### FROSH PINS

In the near future, a poll will be taken by the Freshman House of Representatives to determine how many freshmen will buy class pins.

### DANISH MISSIONARIES

A meeting for all ex-Danish missionaries, especially those who were in Denmark from 1963-66 under the leadership of President and Sister R. Earl Sorenson, are invited to a meeting December 8 in 209 McKay. A gathering during semester break will be organized.

**CONTEST HIGHLIGHTS**  
Vickie considered a visit with  
Governor and Mrs. Rampton and  
the national ADA president as two  
of the weekend's highlights along  
with associating with the other  
contestants. "The girls were all so  
sweet," she remarked.

Vickie's reign was barely a day  
old when she again received the  
royal treatment. Upon returning  
to Snow Hall Monday morning she  
was greeted by her dorm sisters, a  
cake and a room adorned with  
painted signs and toilet paper  
streamers.

Vickie is the daughter of Mr. and  
Mrs. Douglas Edwards of Heber  
City, Utah, where Mr. Edwards is  
a dairy farmer. She has an older  
brother who is presently serving  
a mission for the Church of Jesus  
Christ of Latter-day Saints in the  
Northern States' mission. Two  
younger brothers and a first grade  
sister complete the Edwards fam-  
ily.

Quotable quotes?  
"Oh yes! Drink four glasses of  
milk every single day!" proclaimed  
the Utah Dairy princess.

## Home Study- For 'Dozers'!

by Lynn Flowers

Students who dislike boring lec-  
tures may avoid them and still get  
college credit through BYU's home  
study program. Besides not having  
to attend classes while using "No  
Doo" to keep awake, students in  
the home study program can learn  
at their own rate, and complete  
courses quicker, or, in some cases,  
slower than students taking reg-  
ular courses.

This program started in 1923  
when Franklin Harris became  
BYU's president. He was previous-  
ly acquainted with correspond-  
ence courses, felt that BYU should  
offer them. So, he selected Lowri  
Nelson to be the director of cor-  
respondence courses.

In its 44th year, the home study  
program offers over 290 courses  
History, geological and physical  
sciences, English, health, humani-  
ties, physical education, and reli-  
gious some of the areas of study  
the 4000 home study participants  
choose from.

Actual course material consists  
of eight lessons per credit hour  
with accompanying reading mate-  
rial. Students are allowed to com-  
plete as many as three lessons a  
week and sometimes more with  
special permission.

# CHRISTMAS CLASSES
